An Old Tunnel in Pennsylvania Road Caves in on a Train.

By Wire to The Telegram.

Baltimore, June 29.—With a great roar, the Pennsylvania tunnel beneath Hoffman street caved in early this morning and through extra train extra train N,,&andg*ubeoh fg fgwkyq No. 78 from New York to Jacksonville was nearly caught. The engineer heard the first crash of the falling walls and stopped just in time. Debris was piled up in front and as the sides of the engine. Engineer Moreley and the fireman crawled out and escaped from the west end. The coaches and baggage car were hauled back and out. The east end immediately after caved in and the water mains laid above the tunnel burst and a torrent of water swept against the sides, increasing diameter of hole. Shade trees, cobblestones and curbing crumbled away like paper at three a m. The tunnel gave way, carrying thousands of tons of earth into the hole.

The main line Pennsylvania is completely tied up and trains are using the Baltimore and Ohio tracks. The tunnel was built 50 years ago, and is ten city blocks, nearly a mile long and was built through treacherous soil. It is impossible to discover where the blame lies.

Mr. O. F. Asbury, of Charlotte, was in the city today.

HERBERT FOR MORE LIBERTY.

"YELLOW DOG" POLITICS WON'T DO.

The Ex-Secretary Says Fraud Stalks Through the Land, and That Honest Elections are the Only Srivation for the Country.

Montgomery, Ala., June 28.—Ex-Secretary Herbert today addressed the Alabama Bar Asociation on the duties and responsibilities of the American lawyer in the twentieth century. The constitutional convention adjourned in honor of the event and the address was delivered to both bodies in the State capitol.

Mr. Herbert declared that the country had entered upon the most critical period of its existence. "In the time of national exaltation we must not be over-confident,' said Mr. Herbert. "It is easy for a few people of the same general character to agree. The country is no longer small. For self-government to be successful, citizens must be alive to the increasing cities are multiplying; vast masses of arduousness of self-control. Great manufactures are aggregated; the telegraph and press bring the whole country under the same exciting conditions that compel mobs of civilized men to do the work of barbarians. New complexities are arising. Cuba, Porto Rico, Hawaii and Alaska and the Philippines demand solution. Shall we return them or abandon them. Shall we govern them or let them govern us?

"Fraud stalks through the land like pestilence in the night. The line is imaginary between counting out the negro because his vote is cast for the wrong candidate, and counting out the white man because his vote is obnoxious. Honest elections are the only salvation of the country. Let all educated men proclaim aloud that execept upon the basis of honest elections the natural outcome of Republican government is discontent, unrest, instability and finally revolution."

The speaker turned to the remedy and declared it to be greater independence of thought and action and less slavish adherance to party. The "yellow dog' theory of politics will not do. Worthy men must not surrender their power in party and State to tricksters. The power of the independent press of the North and South was dwelt upon at length and its influence for good to the South in the past 25 years was described.

"One of the greatest questions for [illegible] tion follows the flag in the insular possessions," said Mr. Herbert. "The turning over of the Philippines is an accomplished fact. Shall we govern them or they us? The parties have swapped positions on the underlying question. The abolitionist Republicans, Gerritt Smith and Charles Summer, declared that the Declaration of Independence taught that all are free and equal. Now the expansion Republicans have the opposite view, which was held by the old Democratic leaders. Our Democratic friends in Congress, taking care always to quote from Lincoln, make the welkin ring with the views of the old-time abolitionists."

The speaker discussed the Supreme Court decisions in the Porto Rico cases and said the main declaration was correct. He regretted it was not unanimous.

TRAIN WRECKED.

Looks Like Robbery as Switch Was Smashed and Rails Taken Away.

By Wire to The Telegram.

Pittsburg, Pa., June 29.—The second section of the Pennsylvania railroad train, No. 21, due in Pittsburg at 1:50 o'clock this morning was wrecked at a switch at East Greensburg, at 1:05 o'clock this morning. Five sleeping coaches were derailed and overturned, resting partly on their sides against an embankment. Three passengers were injured. Louis A. Holland, Brooklyn; right leg hurt; J. S. Harvardson, Louisville, neck and shoulder sprained; H. P. Lloyd, Cincinnati, left shoulder sprained.

Investigation has disclosed the fact that the switch lock had been smashed and the rails torn from the siding The perpetrators are not known, but train robbery is suspetced. That terrible accident did not occur is largely due to the vigilence of the engineer, who saw the trouble and slowed up his train.

Mr. F. V. Snell ruterned this afternoon from Roanoke, Va.

TO LOCATE HERE.

Prof. McKnight, of High Point, to Open His School of Science Here.

Prof. H. P. MacKnight, who attained notoriety recently in the slander case from High Point, has decided to locate in Greensboro, and will in the near future open his school here. At present he is residing in the city, and states that he has shaken the dust of High Point off his feet for good.

Since his intention to locate here has become known, many citizens have expressed themselves of the opinion that he should be requested by the inhabitants of Greensboro to seek fresher and greener fields of pasturage. As far as known, however, he has been waited upon by no committee of our citizens for the purpose of requesting his departure. A report from High Point states that that city is rejoiced over the Professor's departure.

A CORRECTION.

Incorrect Information Give Out Concerning the Revolution Dam.

On Thursday The Telegram stated upon what it considered reliable authority that the dam at Revolution Mill had not been injured by the heavy rainfall of the day previous. The information referred to came from Revolution Mills itself, and it was upon that information that the article was printed. Since that time information has been obtained that the dam was damaged to an extent that will at least lower the water several feet. Just why incorrect information was given out, we are unable to tell.

DEATH IN SILER CITY.

Prominent Merchant Dies of Typhoid Fever this Morning.

Mr. J. C. Wrenn, of Siler City, died this morning of typhoid fever. The funeral will occur tomorrow morning at Siler City. Deceased was a member of the Methodist Epsicopal church, South, and was greatly respected by all who knew him. He was a member of the firm of Womble & Wrenn, general merchants of Siler City.

Looking for a Son-in-law.

Mr. Newton Wilson, a farmer living about eight miles in the country, was in the city yesterday looking for a son-in-law that was not a son-in-law. His daughter had been married the day before to a man who, it afterwards transpired, had a legal wife in another place. Mr. Wilson saw Sheriff Jordan, and had that gentleman telegraph several places to see if anything of the son-in-law could be found. Nothing has as yet been heard of him.

Death of a Child.

The infant child of Dr. J. O. Walker, of Randleman, who for several days has been in a critical condition at the home of its grandfather, Rev. J. R. Scroggs, of West Gaston street, died last night. The funeral will occur tomorrow at Randleman.

For Shooting in the Cemetery.

Officer Jordan, of the police force captured two coons yesterday afternoon for carrying concealed weapons and for shooting in the cemetery. They will appear before his Honor, Mayor Osborn, this afternoon.

Work Progressing Nicely.

Work on the addition to the Guilford Roller Mill building is progressing nicely, and in a short time the building will be completed. This addition will add about one-third to the capacity of the mill.

Messrs. W. S. Diffee and D. A. Hodgin returned last night from a trip to the Pan-American Exposition. They report having a fine time, and state the exposition is fully up to what is claimed for it.

Mr. Hunt's Condition.

The condition of Rev. M. J. Hunt is about the same as reported in The Telegram the past few days. He seems to be slowly sinking, and no hope is entertained of his ultimate recovery.

Robert, the little son of Chief of Police W. A. Scott, is down with typhoid fever. Master Willie Blackburn also continues quite sick

GUILFORD COUNTY GOOD ROADS LAW.

Preceding sections printed June 27th.

Section 13. That said Highway Commission shall require the Treaser of said Commission to account to them twice annually for the said highway fund, and may require as often as deemed best, reports from officers and employees concerning their progress in their duties, and to what extent and in what manner they have performed the same.

Section 14. That in opening new highways, widening and straightening old roads and repairing the same, the Highway Commission, through their agents, are hereby authorized to enter upon any land and locate and build such highways, and if the Highway Commission and the owner or owners of said land cannot agree as to the damages, if any, the Highway Commission, shall within sixty days after said highway is completed cause to have summoned five freeholders who shall go upon the land and assess damages and benefits under the general road law as it now exists: Provided further, That before entering upon lands as authorized by this section, it shall be the duty of the Highway Commission to serve notice upon the owner or owners of said land, notifying said owner or owners that the highways would be located upon such land under the authority of this Act.

Section 15. That the passage of this Act shall not repeal the road law in force, applicable to the general working of public roads in said County, except that the supervisor working and keeping in repair the highways constructed or improved under the provisions of this Act shall at all times be under the direction of the said Highway Superintendent. Any supervisor refusing to act in response to said rules, as said Highway Superintendent shall direct, shall be guilty of a misdemeanor, provided that all persons who are required to work under the road law now in force, shall not be required to work in direct contact with persons who have been convicted of crime and sentenced to the roads: Provided, also, that the Board of Commissioners of Guilford County shall not levy other taxes for road purposes than that provided for in this Act.

Section 16. That said Highway Commission shall have authority to employ a physician at any time to assist the County physician to attend to the convicts working the public highways, and shall also have power to provide for the care and keeping of said convicts, and to provide all things necessary to carry into effect the provisions of this Act.

Section 17. That said Highway Commission shall be entitled to the same per diem and mileage as the Board of Commissioners of Guilford County.

Section 18. That said Highway Superintendent provided for in this Act, shall have the care and charge of all tools and appliances, shall make an inventory of the same, and furnish said inventory to the Highway Commission and shall look after the safety of all such tools, machinery and appliances, and the said superintendent shall be responsible for the loss

GLORIOUS NEWS

Comes from Dr. D. B. Cargile of Wichita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brooks of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, teter, salt rheum, ulcers, boils, and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by C. E. Holton, druggists. Guaranteed.

Poisoned by Absorption

POISON OAK, POISON IVY, BARBER'S ITCH, LEAD AND BRASS POISONING, ETC.

Through the pores of the skin many poisons are absorbed into the blood, deranging the circulation and affecting the constitution as quickly and seriously as those generated within the system. Just under the skin are innumerable hair-like blood vessels, and connecting these with the skin are millions of small tubes or glands, through which the poison is conveyed to the blood system. During the spring and summer, while the skin is most active and the pores well open, we are much more liable to be affected by Poison Oak and Ivy and other dangerous plants. Workers in brass, copper, lead and zinc have their health impaired and the blood supply poisoned through the absorption of fine particles of these metals and the acids used in polishing and cleaning them. Inhaling the fumes of lead give painters that pallid, waxy appearance of the skin. Barber's Itch is another disease that reaches the blood through the skin, and is a most obstinate one when it becomes firmly fixed in the system. After the poison has reached the blood and been disseminated throughout the system it is too late to resort to local applications. In many cases the blood is affected simultaneously with the appearance of the rash or eruption on the skin, and all efforts should be directed to the purification and building up of the blood. Ugly eruptions and sores will continue to break out in spite of salves, washes, soaps or other external treatment.

S. S. S. is especially recommended for poisons of this character. So completely does it destroy the effects of the Oak and Ivy that there is no possibility of its reappearance, and it is equally as efficacious in brass or lead poisoning or Barber's Itch; building up and purifying the blood and driving out of the circulation impurities of every kind, and removing every blemish, sore or eruption from the skin. There is no substitute for S. S. S.; it is the only purely vegetable blood purifier known, and the safest and best in all constitutional or blood diseases.

Our Medical Consultation Department.—If you desire any special information or advice about your case, write our physicians, explaining your condition, and they will carefully consider what you have to say and you will receive a prompt reply. Our physicians have made a study of blood and skin diseases, and you can have the benefit of their experience and skill without any cost to you whatever. Don't hesitate to write fully about yourself, as nothing you say goes beyond our office. We have a very interesting book on Blood and Skin Diseases, which we will be glad to mail free.

Marvelous Railway Speed.

Baltimore Sun.

Now that Parliament has consented to a franchise for the Behr mono-rail-road, to be worked by electricity, between Manchester and Liverpool, the [illegible] what can be done in fast speeds. There is short overheard one railroad in Germany which is operated with great success, but the English project is for speeds ranging from 100 to 150 miles an hour. This looks fast for any other country. Yet is will not be safe to say that 150 miles and hour is impracticable. Reputable engineers appeared before a committee of Parliament in favor of the sceme. We are already familiar with speeds of 60 and 80 miles and hour, though 30 miles was formerly deemed impracticable. An elaborately constructed overhead train has a reasonable chance to realize high speeds which has a heavy surface train.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. **Mother's Friend** is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., Nov. 26.
I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about female diseases to the ladies whose names I enclose.
MRS. MINNIE STODGHILL.

McELREE'S Wine of Cardui

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhœa. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

STU DAY. JUNE 29.

AN ADMIRABLE ADDRESS.

The Wilmington Star, in speaking of the address of a Greensboro gentleman, says:

The writer of this had the pleasure of hearing the address of Hon. Charles M. Steadman, President of the North Carolina Bar Association, at Wrightsville Beach, Wednesday evening, which was published in full in the Star yesterday. It was an excellent address, not so much on account of its classic composition and graceful delivery as on acount of the lofty sentiment that pervaded it. While it was in the main a glowing tribute to the profession of which the speaker is a distinguished and honored member, it epitomized the part its grand men have taken in the battle for human rights and the liberty of equality of men, in framing civic systems which give to men the largest and securest liberty.

While doing this it draws the contrust between the true, and the self-respecting and the profession-honoring lawyer and him who is neither, the lawyer by name, but not by instinct nor by training. While, to the honor of the profession be it said, these are few and far between, that part of the address is of especial value to the young lawyer, because of the warning it gives and the dangers it points out.

But there was in the address a sentiment to which the heart of every true American who treasures his country's glory should beat responsive, a broad, patriotic sentiment which placed the man and his manhood, and the heritage of freedom, and honor and virtue above the accumulation of millions and the spirit of commercialism, which loses sight of the nobler traits and aspirations of the men who blazed the way to liberty and shed lustre upon this the greatest of Republics. This part of the address eloquently appeals to every American, and with a peculiar force at this time, when we are drifting so far from the landmarks and the teachings and examples of the Fathers.

W. C. T. U. DEPARTMENT.

It is afact much to be deplored that drunknness in the foreign countries which have been recently brought before the public eye is greatly on the increase, through the agency of the American people. The enterprising whiskey dealer is ever on the alert for a new and profitable market for his wares. How can the heathen countries become christianized when the very ships that carry missionaries carry enough whiskey to conteract the effect of all the preaching and work that the missionary can do? Is it right that what brains the natives have should be so be-clouded with stimulants that they are unable to understand the teaching of God's word.

There were in Hawaii during the year 1900 25 per cent more arrests than there were in 1899 and 50 per cent more convictions. The nationalities represented were Portuguese, Japanese, Chinese, native Hawaiians and Americans—the Portuguese having thesmallest number and the Americans the largest. It will be remembered that Congress was asked by the better class of people in Hawaii to give them prohibition, and the request was refused. Through the agency of the rum power the liquor traffic was foisted on them against their will and the result is appalling. In Cuba, Porto Rico, and the Philippines the Americans are making use of every opportunity to open saloons and ply their evil trade.

Parents who wish their children to learn some useful thing and to be well grounded with temperance principles should send them to the meetings of the Loyal Temperance Legion. This is not an organization, as many seem to suppose, where they are given useful and interesting lessons on a variety of subjects. For instance, the publishers of temperance literature get out an iteresting book entitled, "Scientific Temperance." This teaches the use and mechanism of the various organs of the human body, and also the effect of alcohol on the system. This book alone makes an excellent physiological training.

There is also a book on government from which the children are tuaght how our government is conducted, how state and national officers are elected, the manner of making laws, etc.

The children who go take great interest in the meetings and none can fail to be benefited by what they hear.

Want It Straightened.

I see there is a move being made to give a better way from Buchanan street to Walker avenue, and I hope it will be done, for it has and is now a bad corner and very dangerous and I do not know where so little money can benefit so many people in Greensboro and I think our Board will like the advantage of the change. Of course while the building was there there was no chance, but now is the time.

Everything Considered

In our way of laundering. Nothing too small to receive attention, nothing too big to be successfully treated. The Gate City Steam Laundry does perfect work, because clear, clean, soft water is used. No injurious chemicals are used. Skiled help is employed. Great care is taken. We charge ordinary rates but work is much above the ordinary. Medium gloss the thing to wear on Picnic Excursions. In fact it's economy to wear it at all times; dust and soot will not stick to your collars, cuffs and shirt bosoms, to be ground in by your other clothing. Majority wear the gloss, but we give perfect domestic when requested. Try ns.

Respectfully,

CEMETERY KEEPER'S SALARY FIXED AT $40 PER MONTH.

The Board Meeting Last Night—Two Applications for License Refused—Other Business Transacted

The Board of Aldermen met last night in regular session with Mayor Osborn in the chair. The following Aldermen were present: Bain, Denny, Phipps, Helms, Elam, Sergeant, Sherwood, Merrimon, Joyner and Ellington.

Alderman Denny moved that the reading of the minutes be dispensed with tonight. Carried.

Col. John A. Barringer appeared for Mr. John Barker who made application for license to retail liquors on West Gaston street near the city hall.

Mr. A. B. Kimball appeared for Mr. Culp, who made application for license to retail liquors on Sycamore street immediately in the rear of the Katz building.

Alderman Denny reported for the street committee that they had intended to make a report on West Market and South Elm streets, at this meeting, but were unable to make the report because of the recent flood.

The report of the cemetery committee came up, and the action of the Board at its last meeting was repealed.

Alderman Joyner thought that the best plan for the city to pursue in regard to the manner of paying the cemetery keeper, to be to pay him a specific salary and command his entire time. He therefore moved that the cemetery keeper be employed for all his time at a specific salary of $50 per month, and all the fees to be turned over to the city treasurer.

Alderman Denny moved that the salary of the cemetery keeper be fixed at $40 per month, and that the election of a keeper be postponed to the next regular meeting. Carried.

Alderman Denny moved that notice be given the public that bids for the position of cemetery keeper were in order.

Alderman Joyner thought that the cemetery board should write other cities and see what they pay their cemetery keeper.

Mr. C. A. Bray appeared and stated that the recent rains had washed a large hole in in the sidewalk in front of his home, and asked the Board to have the place remedied. He stated that through negligence on the part of the Board or something, the pipes under the street was insufficient to carry all the water. Alderman Denny stated that all the pipes at Pomona would not have carried off the flood.

It was then moved and carried that the matter be referred to the street committee with power to act.

Mr. Sam Browne read a petition asking that Buchanan street be straightened. Moved and carried that it be referred to the street committee.

The application of Mr. John Barker to retail liquors near the new city hall was taken up and the license was refused by the following vote: To grant, Merrimon, Helms, Phipps, and Sherwood. To refuse: Elam, Denny, Bain, Sergeant, Joyner and Ellington.

The applications of the following were then taken up and they were granted license to do business at the stands they now occupy: G. A. Miller, J. J. Laughlin, C. C. Shoffner, S. J. McCauley, T. K. Renegar, and R. P. Gorrell.

The application of B. F. Sprinkle was carried over to the next meeting.

The application of Harry R. Culp to retail liquors on Sycamore street immediately in the rear of the Katz building, was granted.

The application of R. S. Small to retail liquors on Davie street was refused by the following vote: To refuse, Elam, Denny, Bain, Sergeant and Joyner. To grant, Ellington, Phipps, Helms, Sherwood, Merrimon. This tie was voted off by the mayor, who voted against granting.

A petition from the North Greensboro W. C. T. U. was read asking the use, once a month, on Sundays of the auditorium in the new city hall.

Alderman Denny moved that the mayor appoint a committee to have charge of all public buildings. Carried.

Moved that the petition of the W. C. T. U. be referred to this committee. Carried.

Alderman Denny moved that the estimates for curb setting by Stewart Bros. and Abbott and Hobbs be paid. Carried.

Alderman Phipps brought the attention of the Board to the water running from Asheboro street through the property of Mr. Vernon. Moved and carried that the Mayor, chairman of the street committee, and the city engineer visit the place and see what could be done.

Alderman Denny moved that all bills properly O. Kd. by purchasing committe be ordered paid. Carried.

Alderman Sergeant moved that the street committee look into the feasibility of starting up the rock crusher, and macadamizing Davie street. Withdrawn.

Alderman Denny stated that by the time the work already outlined by the street committee was completed it would about consume the bond money for the bonds already sold.

Alderman Joyner moved that the cemetery keeper be instructed to employ some additional help and make improvements in the cemetery before the meeting of the Press Association. Carried.

Alderman Joyner thought that it was time to increase the salary of the chairman of the street committee, and stated further that at the next meeting of the Board he intended lodging a motion to pay him a salary that would at least compensate him for the time lost from his business.

Moved and carried that the Board adjourn.

TO PAY HIM A SALARY.

Chairman of the Street Committee Gets Nothing for His Services But Abuse.

As may be seen from the report of the proceedings of the Board of Aldermen in another column, Alderman Joyner gave notice that at the next meeting of the Board he intended offering a motion that the salary of the chairman of the street committee by increased to a sum sufficient to compensate him for his absence from his business. At present the chairman of the street committee gets the munificient sum of nothing for his services, but if anything goes wrong, or he does not come up to the standard required by some citizens, he is the recipient of large amount of "cussing." The resolution to pay him a salary,not for his services, but to compensate him for the time he so loses from his business, is a good one, and will doubtless be acted upon favorably by the Board at its next meeting.

A MILITARY COMPANY.

Movement Has Been Started in This City to Organize One.

A number of the young men of the city, and several older ones as well, have started a movement for the purpose of the organization of a military company. No active steps have as yet been taken, but those behind the movement seem to be in earnest. Greensboro once had a company of military but it disbanded years ago.

THE LAST DAY.

Those Who Have Not Listed are in a Fair Way to Get in Trouble.

Today is the last day the tax listers will wait on the people for the listing of their taxes, and as usual there is rush to get in. Many of the people invariably put off the listing of their property until the very last possible moment, and then grumble at having to wait so long before they can be waited upon by the listers.

Those who have not listed are in a fair way to get in trouble.

Gathering Exhibits.

Mr. William A. Graham, of Raleigh, is in the city today. Mr. Graham is connected with the Agricultural Department, and is travelling in the interest of gathering exhibits for the Charleston exposition. It is hoped that he will be successful in gathering an exhibit from Guilford.

Check Your Dog.

The dog checks have been received, and will be on sale Monday at the office of the chief of police. Only a few days will be given for the checking of dogs, and then the "purps" that have no check will be impounded, and their owners will have to pay for the impounding as well as the tax.

Their Wooden Wedding.

Tomorrow is the wooden wedding of Mr. and Mrs. W. T. Smith, and the event will be duly celebrated by them. They will spend the day at Archdale with a number of friends celebrating the occasion.

Mayor's Court.

In the mayor's court yesterday the following cases were disposed of: Arthur Ferguson, drunk and down, $7. Jennie Murray, running a disorderly house, dismissed. Walter Davis, assault, continued.

PUBLIC INSTALLATION.

An Interesting Program to be Rendered Monday Night.

There will be a public installation of the officers of Greensboro Lodge, No. 80, Knights of Pythias in their Castle Hall, Monday evening, July 1, 1901, at 8:45 o'clock to which all Knights of Pythias are most cordially invited to come and bring with them their lady friends. The following program has been arranged:

What the Initals in the Name Stand for.

The H. T. (High Toned Holy Terrors of a Hot Town) Club entertained last evening at the home of Mrs. F. L. Reid on West Market street. Games were played from eight thirty until twelve and the occasion was enjoyed very much by all.

Those present were Misses Ethel Ridge, Pauline Pritzfelder, Carrie Wood, Dot Thacker, Margaret Merrimon, Annie Reid, Jennie Tatum, Louise Bradshaw, Maude Stockard, and Orie Lee, Messrs. Walter Bandy, Edney Ridge, Iving Eldridge, Clyde Lyon, Archie Dalton, Ulton Staples, Jess Mebane, Wade Stockard, Fred Crawford, Charlie Wheeler, Wistar Stockard, Meredith Turner, and Frank Crawford.

NOT RESPONSIBLE.

Fair Association Not Responsible for Next Month's Races

On several occasions I have been asked about the races that are being gotten up for July 3rd, 4th, and 5th. I and the association refuse to be responsible for the races or sport. There is a sentiment that the society is running or helping to run these races. We are not.

The horsemen will look only to Colonel Horton for the purses The fall races Oct. 8 to 11, are the only ones we make. These total $2,800 and we will then give you some fine entertainments.

President Pardons Hazer.

Washington, D. C., June 28.—Calvin Joy Cressy, of California, recently a cadet at the Naval Academy at Annapolis, dismissed upon conviction by a court-martial of hazing, has been pardoned by the President. This does not operate to reinstate him, but removes from his record the results of conviction, which would have been an obstacle in the way of re-entering the Academy. Strong appeals were made to the President for clemency in the case.

The Japanese Tea.

The Japanese Tea, given last night at the residence of Mr. A. W. McAlister, on West Market street, was attended by a large number of people, and was thoroughly enjoyed by all who did attend.

An interesting program, consisting of music and recitations, was rendered. The children present enjoyed themselves playing on the lawn to a late hour.

Reception to Mr. Thomas and Bride.

Winston Sentinel.

Mr. Lawrence Thomas and Bride were tendered a delightful reception last evening by the groom's parents, Mr. and Mrs. H. C. Thomas, in Salem. About forty-five relatives and friends were present, and the event was a pleasing one in every particular. Elegant refreshments were served.

Mrs. Thomas was Miss Florence North of Greensboro.

More Orphans.

A party of orphans from the orphanage at Thomasville passed through the city this morning going to Winston.

CHARLOTTE, N C., Jan. 26, 1901.

Vade Mecum Spring Co , Winston-Salem, N. C.:

Gentlemen—After using 40 bottles of the Vade Mecum Mineral Water, I am prepared to say that for indigestion, sluggish liver, acidity of the stomach, with which I have been troubled for months I find it the most satisfactory of all mineral waters (Lithia, Sulphur and Tate's) I have used. I am not prepared to discontinue its use yet. I have no trouble with the troubles mentioned, yet I want to let the recovery be complete.

I have never fe't better in all my life, and I am hopeful that my cure is complete. However, I will continue the use of the water for some time to come. I allow no opportunitr to pass in which I can hely you and humanity.

I though that Harris Lithia could not be excelled, but Vade Mecum knocks it out I am enthusiastic in its praise, and recommend it to all sufferers from above ills Find enclosed check for which ship me a barrel at earliest convenience.

Yours very truly,
H. F. CHREITZBERG,
Pastor Tryon Street M. E. Church, South.

Section 19. That the Board of Commissioners of Guilford County shall audit the accounts of the sheriff for all taxes levied and collected under this Act, and make settlement of the same between said sheriff and County Treasurer, and said Board of County Commissioners may institute and prosecute any necessary action for the recovery of any such road taxes in case any officer fails to account for same.

Section 20. That any Highway Commissioner or Superintendent making or causing to be made any fraudulent order whereby money is to be paid out of said Highway Fund herein provided for, shall be guilty of a midemeanor, and fined or imprisoned at the discretion of the court, or both, and shall be removed from office, and any Highway Commissioner or Superintendent failing or refusing to perform the duties imposed by this Act shall be quilty of a misdemeanor and fined not less than $20 or more than $100: Provided, further, the Board of County Commissioners may, for good and sufficient cause, remove any one or more of the Highway Commissioners, and the vacancy or vacancies shall be filled as provided in this act for filling vacancies from other causes.

Section 21. That all expenses incurred by the Highway Commission on account of meetings held by reason of duties imposed by this Act, shall be paid upon their order out of the funds provided for by this Act.

Section 22.. The term "Highway" in this Act shall be understood to mean all public roads macadamized or improved under the provisions of this Act, as distinguished from other public roads in the County.

Section 23. The Highway Commission shall not use more than the proceeds from the sale of fifty thousand dollars worth of bonds in any one year, over and above the amount paid for machinery, implements and mules, except by a two-thirds vote in a joint meeting of the Highway Commission and the County Commissioners.

Section 24. This Act shall be in force from and after its ratification.

PRESIDENT LINDLEY'S PLAN.

He Would Create a Sinking Fund of $4,000 Yearly, Which, Compounding Itself, Would in 30 Years More Than Pay the Entire Bond Issue and the Roads Could Be Available Immediately—Figures Do Not Lie.

[Extract from J. Van Lindley's letter, published in May, 1900.]

I find, and give the figures below, that if we pay into a sinking fund $4,000 per annum and compound it for 30 years at six per cent, we would have the nice sum of $816,235.64. This is $16,235.64 overplus at the maturity of the $300,000 thirty-year bonds, so by dropping the payments for the last three years we still have a surplus. So it is to be plainly seen that by this plan of paying $4,000 a year for 27 years we pay in only $108,000 and the bonds are paid. And by that time we will have had the benefit of the good roads for a quarter of a century, which will have given the entire county big interest all the while.

OFFICER STABBED.

A Georgia Railroad Commissioner and a Pullman Car Man Fight on a Train.

Atlanta, June 28 —A special to The Constitution from Marietta, Ga., says Hon. T. C. Crenshaw, president of the Georgia railroad commission, was stabbed and seriously injured by a Pullman car conductor on the train which left Atlanta at 5 o'clock this evening. According to Mr. Crenshaw, the conductor took exception to Mr. Crenshaw's failure to produce his transportation. Words passed betweee the men, when Mr. Crenshaw it is said, knocked the condctor into a car window, breaking the glass. The conductor then drew his knife as the story is related by Mr. Crenshaw, and cut the railroad commissioner twice in the neck and once in the shoulder. The conducter was arested at Marietta. The train was held until he gave bond and he proceeded on his trip. Mr. Crenshaw lives at Marietta.

The conductor's name is J. H. Kirkland and he is employed on the St. Louis-Atlanta run.

Jumped His Bond and is Caught.

Will Clayborne, a gentleman of color, who some time ago was jailed for fighting, and who jumped his bond after Mr. J. W. Smith went on it was [illegible] yesterday afternoon by Deputy Jones. He was put in jail, and will probably stay there until the August term of court.

The Alaska Boundary

Chicago Inter Ocean (Rep.)

Periodically the Canadian newspapers print reports that the United States is ready to arbitrate Canada's Alaska boundary claims. These reports may emanate from Washington, London, Podunk, or Timbuctoo. No matter—they are all grist to the Canadian mill. They are printed about twice a month with all seriousness, and then Sir Wilfred Laurier is interviewed about them.

"No such proposal," an Ottawa dispatch quotes Sir Wilfrid as saying of the last of these reports, "has reach- "as yet." Then Sir Wilfrid patiently

If Sir Wilfrid Laurier's political explained, for the fifteenth or twentieth time, how the British members of the late High Joint Commission wanted to arbitrate and the American members would not.

If Sir Wilfrid Laurier's political needs are served by such words, far be it from any American to find fault with him. But it would seem more productive of harmony on both sides of the border if Canadians could only realize what has long been clear to all Amercians, namely, that there is in this Alaska boundary question absolutely nothing to arbitrate.

If some man should attempt to settle on a strip of Sir Wilfrid Laurie's homestead, held by him for a generation without question, would be entertain a proposal from the intruder to arbitrate? Certainly not. If he did not eject the intruder offhand, he would at most call in a competent surveyor to establish beyond cavil the lines of his fences.

That is all there is to the Alaskan boundary question. It is not open to compromise. It is merely a question of measurements. The disputed boundary, according to Russia's contract with England, runs a certain number of miles from and parallel with a designated seashore. The points which the line so defined intersects have been determined by the surveyor's theodolite and chain.

In all this there is no opportunity for a "middle course," a "mutual adjustment," or a "compromise line." Alaska covers a certain amount of American soil. That amount is physically determinable by physical means. And, when once determined, that amount will be held by the United States government, above all quibbling and shystering, arbitrating and diplomatizing.

A Dream Dispelled.

Atlanta Constitution.

The woman was standing in the doorway; shading her eyes with her hand. She called across the garden:

"You, Innocence Williams! Come in, honey, outen that hot sun. You'll burn yer little cheeks ez brown ez a berry. Come in, Innocence!'

One would have expected to see a fairylike creature rise, as from the heart of a flower, and drift dreamily over the violet beds. But instead a gaunt, tall figure, with face browned and bonneted, shambled toward the house, dragging a dead rattlesnake by its rattles.

It was Innocence Williams. "Thar, mammy!" she explained, tossing the snake over the palings. "That makes ten I've kilt since the fust o' June!"

No, Maude, dear, every person who plays bridge doesn't have a walk-over.

The Yelling Idiot.

New York Sun.

The yelling idiot is a creature that the police should capture. He is generally to be found at the seaside. As a rule he is a good swimmer and when he gets into the water he yells, splashes, calls for help and takes particular delight in trying to make people think that he is drowning. The policeman, instead of waiting for him to come out of the water and promptly putting him under arrest, walks away in disgust. The officer finds it difficult to frame a charge against him, and yet the thing cught to be simple enough for an intelligent policeman. Of all the pests at watering places the yelling idiot is perhaps the most dangerous, because his "fun" tends to create carelessness toward genuine cries of distress, and it often happens that no timely effort is made to save a life because the life savers fancy that only a yelling idiot is amusing himself. Now the charge to bring against the fellow is disorderly conduct and that of a kind which should be severely punished.

The drowning on Thursday last of Frolik Pochily near Binghampton, N. Y., can be traced directly to the yelling idiot. When beyond his depth the young man threw up his arms and begged his companions to save him. "They thought he was fooling and laughingly watched him drown."

There is a terrible lesson in the simple and pathetic little story, and one which the police should no longer neglect. Arrest the yelling idiot!

Want a Piece of Poetry.

Charlotte Observer.

There apepars to be more or less indignation in and about Greensboro against 'Squire J. M. Wolfe on account of his having bound the defendants in the High Point case to the Superior Court. It appears to be up to the 'squire to write a piece of poetry explaining himself.

When a woman thinks that a man is going to kiss her against her will she usually dresses herself with two papers of pins less than usual.

No old maid over forty can show a strange plumber over the house without giving him her opinion of love, religion, and the Filipinos.

Commanding Attention

There are several ways of getting attention.

You can attract it, draw it, plead for it, ask for it, and command it.

Which would you rather do with your printed announcement?

Everyone who makes things to sell or who does things for money, has something so say to the public.

The way that you say it is as important at least as what you say.

What you say is your part.

The way y ou say it is ours.

Printing that cannot be turned down, mislaid, sidetracked or overlooked is the kind we do.

It is distinguished printing—printing that not only may, but which must be seen—printing which doesn't simply ask, but which demands and commands attention.

Are not these the characteristics you want in your printing? Then come in and talk to us about the next booklet, folder, circular or other business-bringing printing thing.

Sit up in bed.

When it becomes necessary to sit up in bed to get your breath; when the least exertion such as walking, sweeping, singing, talking or going up and down stairs, causes shortness of breath, fluttering or palpitation; then it is time to do something to brace up and strengthen your failing heart. Take Dr. Miles' Heart Cure. It is best of all.

"I could not rest at night and often had to sit up in bed to breathe. The least exertion would make my heart palpitate dreadfully. Our doctor prescribed Dr. Miles' Heart Cure and it completely restored me to health."
